

WORKING WITH NATURE, AS PART OF NATURE

DEVELOPING NATURE-BASED SOLUTIONS

IN CONTEXT

KEY DEVELOPMENT

Kunming-Montreal Global Biodiversity Framework (2022)

BEFORE

1992 At the Rio Earth Summit, 105 heads of state commit to sustainable development.

2012 The Intergovernmental Science-Policy Platform on Biodiversity and Ecosystem Services (IPBES) is created.

2015 The UN Sustainable Development Summit sets out 17 sustainable development goals and a bold global agenda, adopted by 193 member states.

AFTER

2023 In India, the government launches a program to expand coastal mangrove forests (MISHTI).

2025 The British government approves the release of beavers into the countryside.

Nature can play a key role in combating climate change and biodiversity loss, and the idea of nature-based solutions (NbS) is growing in popularity,
