(d) Its modified genes cause the fortification of its grains with vitamin D.

Ans. (b) : Its grains contain pro-vitamin A which upon ingestion is converted to vitamin A in the human body,

117. A great deal of Foreign Direct Investment (FDI) to India comes from Mauritius than from many major and mature economics like UK and France. Why?

(a) India has preference for certain countries as regards receiving FDI

(b) India has double taxation avoidance agreement with Mauritius

(c) Most citizen of Mauritius have ethnic identity with India and so the feel secure to invest in India

(d) Impending dangers of global climatic change prompt Mauritius to make huge investments in India

Ans. (b) : India has a double tax avoidance treaty with Mauritius. Investors from Mauritius are exempted from tax in India and the tax rates are very low in Mauritius. So, it is favorable for investors to get registered in Mauritius and than invest in India as an entity from Mauritius. This investment is not from Mauritius but through Mauritius.

MISCELLANEOUS

118. With reference to the United Nations convention on the Rights of the Child, consider the following:

1. The Right of Development

2. The Right to Expression

3. The Right to Recreation

Which of the above is/are the Rights of the child?

(a) 1 only (b) 1 and 3 only

(c) 2 and 3 only (d) 1, 2 and 3

Ans. (d) : United Nations Convention on the Rights of the Child.

- The UNCRC is a human rights treaty that sets the political, civil, economic, social, health, and cultural rights of children.
- It is an international agreement that is legally binding on the members.
- It consists of 54 articles that spell out various children's rights and also the measures governments should take in order to make these rights available to children.
- The CRC was adopted by the United Nations in 1989.
- It entered into force in 1990 after receiving a minimum of 20 ratifications.
- It has been ratified by all members of the UN except for the United States.
- It is the most widely ratified human rights treaty in the history of the world.
- Under the articles of the convention, all parties to it are required to ensure that children's basic needs are fulfilled and they are able to reach their full potential.

The correct answer is option (d).

119. Consider the following countries:

1. Brazil

2. Mexico

3. South Africa

According to UNCTAD, which of the above is/are categorized as "Emerging Economics"?

(a) 1 only (b) 1 and 3 only

(c) 2 and 3 only (d) 1, 2 and 3

Ans. (d) : Emerging markets are nations with social or business activity in the process of rapid growth and industrialisation. Currently, there 28 emerging markets in the world with the economies of China and India considered to be the two largest.

Some countries of Latin America (particularly Argentina, Brazil, Chile, Mexico, Colombia and Peru), some countries in South-East Asia, most countries in Eastern Europe, Russia, some countries in the middle East (particularly in the Persian Gulf Arab state) and parts of Africa (particularly South Africa) are emerging markets. Emphasising the fluid nature of the category, political Scientist Ian Bremmer defines an emerging market as "a country where politics matters atleast as much as economics to the markets".

120. Which one of the following is not related to United Nations?

(a) Multilateral Investment Guarantee Agency

(b) International Finance Corporation

(c) International Centre for Settlement of Investment Disputes

(d) Bank for International Settlements

Ans. (d) : The Bank for International Settlements is an international financial institution owned by Central Banks which "fosters international monetary and financial cooperation and serves as a bank for Central Banks". The other 3 options are related to the United Nations.

121. Which of the following is/are treated as artificial currency?

(a) ADR

(b) GDR

(c) SDR

(d) Both ADR and SDR

Ans. (c) : Special Drawing Right (SDR) belongs to the IMF. Member countries maintain their reserve tranches with it in SDR and get fiscal support from it in SDR.

122. As regards the use of international food safety standards as reference point for the dispute settlements which one of the following does WTO collaborate with?

(a) Codex Alimentarius Commission

(b) International Federation of Standards Users

(c) International Organization for Standardization

(d) World Standards Cooperation

Ans. (a) : Codex alimentarius commission was created in 1963 by FAO and WHO to develop food standards guidelines and related texts such as codes of practice under to joint FAO/WHO food standards programme. The main purpose of this program are protecting health of the consumer and ensuring fair trade practices in food trade.

123. The United Nations framework Convention of Climate Change (UNFCCC) is an international treaty drawn at:

(a) United National Conference on the Human Environment, Stockholm, 1972

(b) UN Conference on Environment and Development, Rio de Janeiro, 1992

(c) World Summit on Sustainable Development, Johannesburg, 2002

(d) UN Climate Change Conference, Copenhangen, 2009

Ans. (b) : The United Nations Framework Convention on Climate Change (UNFCCC) is an international environmental treaty negotiated at the Earth Summit in Rio de Janeiro from 3 to 14 June 1992, then entered into force on 21 March 1994.

124. Consider the following:

1. Bluetooth device

2. Cordless phone

3. Microwave oven

4. Wi-Fi device

Which of the above can operate between 2.4 and 2.5 GHz range of radio frequency band?

(a) 1 and 2 only (b) 3 and 4 only

(c) 1, 2 and 4 only (d) 1, 2, 3 and 4

Ans. (d) : Microwaves are electromagnetic waves with wavelengths ranging from as long as one meter to as short as one millimeter or equivalently with frequencies between 300 MHz 0.3 GHz and 300 GHz. A microwave oven passes ionizing microwave radiation at a frequency near 2.45 GHz through food causing dielectric heating by absorption of energy in the water fats and sugar contained in the food. Bluetooth and Wi-Fi have many applications: setting up networks printing or transferring files. They also work in the given frequency range. All cordless sold in the US use the 1.9 GHz or 2.4-GHz bands.

125. In the context of the affairs of which of the following is the phrase "Special Safeguard Mechanisms" mentioned in the news frequently?

(a) United Nations Environment Programme

(b) World Trade Organisation

(c) ASEAN-India Free Trade Agreement

(d) G-20 Summits

Ans. (b) : The correct answer is World Trade Organisation.

126. The SEZ Act, 2005 which came into effect in February 2006 has certain objectives. In this context, consider the following:

1. Development of infrastructure facilities.

2. Promotion of investment from foreign sources.

3. Promotion of exports of services only.

Which of the above are the objectives of this Act?

(a) 1 and 2 only (b) 3 only

(c) 2 and 3 only (d) 1, 2 and 3

Ans. (a) : The objectives of establishing SEZs (Special economic Zones) include making available goods and services free of taxes and duties supported by an integrated infrastructure for export production, and single window approval mechanism and a package of incentives to attract foreign and domestic investments for promoting export-led growth.

127. A question paper had ten questions. Each question could only be answered as True (T) or False (F). Each candidate answered all the questions. Yet, no two candidates wrote the answers in an identical sequence. How many different sequences of answer are possible?

(a) 20 (b) 40

(c) 512 (d) 1024

Ans. (d) : Each question has to way to the answer.
Each candidate answered the all question.
$2\times2\times2$……. 10 times
$2^{10} = 1024$
1024 total sequences of answers of possible.

128. Examine the following statements:

1. All colours are pleasant.

2. some colours are pleasant

3. No colour is pleasant

4. Some colours are not pleasant

Given that the statement 4 is true, what can be definitely concluded?

(a) 1 and 2 are true (b) 1 is false

(c) 2 is false (d) 3 is true

Ans. (b) : As per statement 4: Some colours are not pleasant. It implies that there is atleast one colour that is not pleasant. It obviously means that statement 1 that states that all colours are pleasant is definitely false.

129. Three men start together to travel the same way around a circular track of 11 km. Their speeds are 4, 5.5 and 8 km/ph respectively. When will they meet at the starting point for the first time?

(a) After 11 hours (b) After 21 hours

(c) After 22 hours (d) After 33 hours

Ans. (c) : Formula :-

$$\text{Speed} = \frac{\text{Distance}}{\text{Time}}$$

The time taken by three men.

$$= \frac{11}{4}, \frac{11}{5.5}, \frac{11}{8}$$

Then LCM of numerator/HCF of denumerator.

$$= \frac{22}{1} = 22 \text{ hours}$$
