59. Among other things, which one of the following was the purpose for which the Deepak Parekh Committee was constituted?

(a) To study the current socio-economic conditions of certain minority.
(b) To suggest measures for financing the development of infrastructure.
(c) To frame a policy on the production of genetically modified organisms
(d) To suggest measures to reduce the fiscal deficit in the Union Budget.

Ans. (b) : The main objective to constitute Deepak Parekh Committee was to make suggestions in the matter of infrastructure financing. The committee has said in the recommendation that the holding companies should be allowed to raise FDI under self-approved route for financing the infrastructure sector. Along with this, the committee has also recommended tax exemption to the investors in ultra mega power projects.

60. Consider the following statements regarding Indian Planning:

1. The Second Five-Year Plan emphasized on the establishment of heavy industries.
2. The Third Five-Year Plan introduced the concept of import substitution as a strategy for industralisation.

Which of the statements given above is/are correct?

(a) 1 only (b) 2 only
(c) Both 1 and 2 (d) Neither 1 nor 2

Ans. (c) : India's Second Five-Year Plan (1956-61) was to set India on the path of industrialisation. P.C. Mahalanobis was the moving spirit behind the second five year plan. He gave the highest priority to strengthening the industrial base of the economy. India's Third Five-Year Plan (1961-66) emphasised on long-term development.

61. Consider the following:

1. Fringe Benefit Tax
2. Interest Tax
3. Securities Transaction Tax

Which of the above is/are Direct Tax/Taxes?

(a) 1 only (b) 1 and 3 only
(c) 2 and 3 only (d) 1, 2 and 3

Ans. (d) : Fringe Benefits Tax (FBT) was imposed on employers by India's Finance Act 2005 and was introduced for the financial year commencing April 1, 2005. The Fringe Benefit Tax was abolished in the Finance Bill of 2009. Securities Transaction Tax (STT) is the tax payable on the value of taxable securities transaction. STT was introduced in India by the 2004 budget and is applicable with effect from 1st October 2004. Interest tax is also a direct tax. Hence all the given taxes are direct tax.

62. In the context of global economy, which one of the following part is not correctly matched?

(a) JP Morgan Chase : Financial Services
(b) Roche Holding AG : Financial Services
(c) WL ROSS & Co. : Private Equity Firm
(d) Warburg Pincus : Private Equity Firm

Ans. (b) : Roche Holding AG is a Switzerland based pharmaceuticals and diagnostics company. Rest of the pairs are correctly matched.

63. Consider the following Institutions:

1. Christie's
2. Osian's
3. Soptheby's

Which of the above is/are auctioneer /auctioneers? Consider the following:

(a) 1 only (b) 1 and 3 only
(c) 2 and 3 only (d) 1, 2 and 3

Ans. (d) : All the given institutions are auctioneers.

64. In the context of Indian news in recent items, what is MCS-SX?

(a) A kind of supercomputer
(b) Title of Moon Impact probe
(c) Stock exchange
(d) Nuclear-powered submarine

Ans. (c) : Metropolitan Stock Exchange of India Limited (MSEI), formerly known as MCX Stock commodity Exchange Limited (MCX-SX), is India's youngest and one of the three stock exchanges recognised by country's securities market regulator - Securities and Exchange Board of India (SEBI). It offers an electronic, transparent and hi-tech platform for trading in Capital Market, Futures & Options, Currency Derivatives, Interest Rate Futures (IRF) and Debt Market segments.

65. Who among the following is the founder of World Economic Forum?

(a) Klaus Schwab
(b) John Kenneth Galbraith
(c) Robert Zoellick
(d) Paul Krugman

Ans. (a) : The World Economic Forum was founded in 1971 by Klaus Schwab, a German-born business professor at the University of Geneva. Originally named the European Management Forum, it changed its name to the World Economic Forum in 1987.

66. Which one of the following pair is not correctly matched?

(a) Japan : Nikkei
(b) Singapore : Shcomp
(c) UK : FTSE
(d) USA : Nasdaq

Ans. (b) : The major stock exchanges of the world are :

Nikkei	Tokyo (Japan)
Shcomp or S.S.E. Composite Index	Shanghai (China)
FTSE	UK
Nasdaq	USA
MDAX	Germany
SEMEX,Straits Times	Singapore
KOSPI Index	Korea
SET	Thailand
TAIEXIndex	Taiwan
NASDAQ	USA

PHYSICS

67. Which one of the following types of waves are used in a night vision apparatus?

(a) Radio waves
(b) Microwaves
(c) Infra-red waves
(d) None of the above

Ans. (c) : Night Vision as referenced here is an opto electronic device that provides us with the miracle of vision in total darkness and the improvement of vision in low light environments. Infra-red waves are used in night vision apparatus.

68. Which one among the following has the highest energy?

(a) Blue light (b) Green light
(c) Red light (d) Yellow light

Ans. (a) : Energy of light E=hv
Since, blue light has the highest frequency, so blue light has the highest energy.

CHEMISTRY

69. Which one of the following is used as an explosive?

(a) Phosphorus trichloride
(b) Mercuric oxide
(c) Graphite
(d) Nitroglycerin

Ans. (d) : Nitroglycerine (NG) also known as nitroglycerine, trinitroglycerin (TNG), nitro, glyceryl trinitrate (GTN) or 1,2,3- trinitroxypropane and glyceryl trinitrate is a heavy, colorless, oily, explosive liquid obtained by nitrating glycerol. Alfred Nobel discovered that while mixing nitroglycerin with diatomaceous earth would turn the liquid into a paste, called dynamite. An advantage of dynamite was that it could be cylinder-shaped for insertion into the drilling holes used for mining.

70. In a dry cell (Battery), which of the following are used as electrolytes?

(a) Ammonium chloride and Zinc chloride
(b) Sodium chloride and Calcium chloride
(c) Magnesium chloride and Zinc chloride
(d) Ammonium chloride and Calcium chloride

Ans. (a) : A dry cell has the electrolyte immobilized as a paste, with only enough moisture in the paste to allow current to flow. The electrolyte is ammonium chloride in the form of a paste next to the zinc anode. In some more modern types of so called 'high power' batteries, the ammonium chloride has been replaced by zinc chloride.

BIOLOGY

71. In the context of genetic disorders, consider the following:

A woman suffers from colour blindness while her husband does not suffer from it. They have a son and a daughter. In this context, which one of the following statements is most probably correct?

(a) Both Children suffer from colour blindness.
(b) Daughter suffers from colour blindness while son does not suffer from it.
(c) Both child do not suffer from colour blindness.
(d) Son suffers from colour blindness while daughter does not suffer from it.

Ans. (d) : Son suffers from colour blindness while daughter does not suffer from it many of the genes involves in color vision are on X chromosomes, making colour blindness much more common in males because males only have 1 X chromosome while females have two.

72. The marine animal called dugong which is vulnerable to extinction is a/an

(a) Amphibian (b) Bony fish
(c) Shark (d) Mammal

Ans. (d) : Dugong is a large marine mammal. Dugong has a fusiform body with no dorsal fin or hind limbs, instead of possessing paddle. Dugong is heavily dependent on seagrass for subsistence. It is also known as sea Cow.

73. In making the saffron spice , which one of the following parts of the plant is used?

(a) Leaf (b) Petal
(c) Sepal (d) Stigma

Ans. (d) : Stigma of the plant is used in making the saffron spices. Stigma is the top of the central part of a flower. It receives the pollen that allows it to form new seeds.

74. Consider the following statements:

1. Sweet orange plant is propagated by grafting technique.
2. Jasmine plant is propagated by layering technique.

Which of the statements given above is/are correct?

(a) 1 only (b) 2 only
(c) Both 1 and 2 (d) Neither 1 nor 2
