Code:

	A	B	C	D
(a)	1	2	3	4
(b)	3	4	1	2
(c)	1	4	3	2
(d)	3	2	1	4

Ans. (b) : Sabyasachi Mukherjee is related to Fashion Designing. Aniruddha Bahl is related to Investigative Journalism. Vikram Akula is related to Microfinance loans and Yusuf Hamid is related to Pharmaceuticals.

129. Bimbavati Devi is a well-known dance of which type of dance?

(a) Manipuri (b) Bharat Natyam
(c) Kuchipudi (d) Odissi

Ans. (a) : Bimbavati Devi is famous Manipuri dance. Jhaveri sisters Rita Devi, Sabita Mehta, Nirmala Mehta and Thumbal Yaima are also famous Manipuri dancers. The basis of Manipuri dance is the ancient tribal dance of Manipur, but a special object of Vaishnavism. It got painted in the colours of classical tradition. Yamani Krishna Murthy, Sonal Man Singh, Padma Subrahmanyam and Leela Samson are famous dancers of Bharat Natyam dance.

130. Match List-I with List-II and select the correct answer using the code given below the Lists:

List-I (Person)	List-II (Area)
A. K.P. Singh	**1. Banking**
B. Vikram Pandit	**2. Fiction writing**
C. Roopa Farooki	**3. Retail Business**
D. Kishore Biyani	**4. Real estate**

Code:

	A	B	C	D
(a)	4	2	1	3
(b)	3	1	2	4
(c)	3	2	1	4
(d)	4	1	2	3

Ans. (d) : K. P. Singh is related to the real estate sector; Vikram Pandit is related to the banking sector, recently. He has been appointed as the Chief Executive Officer (CEO) of Citigroup.No one has reached this pinnacle in the Indian financial sector before Vikram Pandit,a native of Nagpur, Maharashtra; Roopa Farooqui is related to fiction writing; Kishore Biyani is related to the field of retail business.

131. Yom Kippur War was fought between which sides/countries?

(a) Turkey and Greece
(b) Serbs and Croats
(c) Israel and Arab countries led by Egypt and Syria
(d) Iran and Iraq

Ans. (c) : The Yom Kippur War, also known as the 1973 Arab-Israeli War, was a war fought by the coalition of Arab states led by Egypt and Syria against Israel from October 6 to 25, 1973.

Directions: Each of the following four (4) items consists of two statements, one labelled as 'Assertion (A)' and the other as 'Reason (R)'. You are to examine these tow statements carefully and select the answers to these items using the codes given below.

Codes:

(a) Both A and R are individually true and R is the correct explanation of A.
(b) Both A and R are individually true but R is not the correct explanation of A
(c) A is true but R is false
(d) A is false but R is truly

132. Assertion (A) : In human body, liver has an important role in fat digestion.
Reason (R) : Liver produces two important fat-digesting enzymes.

Ans. (c) : The liver is the largest gland in the human body, which is located in the upper part of the abdominal cavity on the right side, its weight is about 1.5-2 kg and it is dark grey in colour. It is divided into two sections by a deep trough. In its lower part there is a small pear-shaped sac called gall bladder. The bile secreted by the liver is stored in this sac. This bile intensifies the action of enzymes present in the intestine. Apart from this, the liver takes an active part in carbohydrate, fat and protein metabolism and protects it by neutralizing the toxins produced in the body.

133. Assertion (A) : In the visible spectrum of light, red light is more energetic than green light.
Reason (R) : The wavelength of red light is more than that of green light.

Ans. (d) : When sunlight passes through a prism, it bends towards the base of the prism after refraction and splits into light of different colours. The group of colours obtained in this way is called spectrum and the process of splitting of light into such constituent colours is called dispersion. Among the colours received from sunlight, the violet colour is at the bottom towards the base and the red colour is at the top i.e. the deflection of violet is the highest and the deflection of red is the least. The order of the different colours from base to top is as follows - Violet, Indigo, Blue, Green, Yellow, Orange, and Red. Violet light has the shortest wavelength and red light has the longest wavelength.

134. Assertion (A) : Radio waves bend in a magnetic field.
Reason (R) : Radio waves are electro magnetic

Ans. (a) : Assertion is false and reason is correct. Radio waves are electromagnetic in nature. Therefore it is unaffected by both magnetic and electric fields.

135. Assertion (A) : The Congress Ministries in all the provinces resigned in the year 1939.
Reason (R) : The Congress did not accept the decision of the viceroy to declare war against Germany in the Context of the Second World War.

Ans. (a) : World War II started on September 3, 1939, and on the same day then Viceroy Linlithgow, without consulting the Indian people, declared India one side of the war and warring against Germany. Soon after, emergency laws were enacted through the British Parliament and the Indian Legislature, which curtailed the autonomy of provincial governments and imposed restrictions on the civil rights of the people. The Congress was not opposed to giving its support and support during the war, but instead demanded that "India should be declared an independent nation" and during the war a real representative government of the people should be established at the center. Wanted that the matter of war and peace for India should be decided by the Indian people, but due to the British government disagreeing with this idea of the Congress, the Congress ministries resigned in all the provinces.

136. Match List-I with List-II and select the correct answer using the code given below the Lists:

List-I (Service/Agency)	List-II (Country)
A. Foreign Intelligence Service	**1. Israel**
B. Ministry of State Security	**2. Britain**
C. Secret Intelligence Service	**3.China**
D. The Mossad	**4. Russia**

Code:

	A	B	C	D
(a)	4	1	2	3
(b)	2	3	4	1
(c)	4	3	2	1
(d)	2	1	4	3

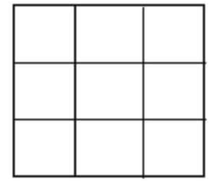

Ans. (c) : The Foreign Intelligence Service is Russia's external intelligence agency, mainly for civilian affairs. The Ministry of State Security (MSS) is the intelligence agency and security agency of the People's Republic of China. The Secret Intelligence Service(commonly known as MI6) is the British intelligence agency which supplies the British Government with foreign intelligence. Mossad is the national intelligence agency of Israel.

137. Norman Ernest Borlaug who is regarded as the father of the Green Revolution in India is from which country?

(a) United States of America
(b) Mexico
(c) Australia
(d) New Zealand

Ans. (a) : Norman Ernest Borlaug, who is considered the father of India's Green Revolution, belongs to the United States of America.The 'Green Revolution' started in India in the mid-1960s in the field of agriculture, which resulted in self-sufficiency in food, thanks to Nobel Prize-winning agricultural scientist Norman Borlaug and Indian agricultural scientist Dr. M. S. Swaminathan.

138.

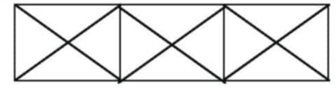

In how many different ways can all of 5 identical balls be placed in the cells shown above such that each row contains at least 1 ball?

(a) 64 (b) 81
(c) 84 (d) 108

Ans. (d) : Method of placing a ball in the first row = 3C1x3C3
Method of placing a ball in all the rows including the other two rows = 3C3x3C1 x 3C1 x 3C = 27 ways.
Ways of placing the ball in the remaining two rows = 3C1x3C1x3C2x3C , = 81 ways
So, Total number of balls placed according to the question = 81 +27 = 108.

139.

How many different triangles are there in the figure a shown above?

(a) 28 (b) 24
(c) 20 (d) 16

Ans. (a) : The total number of triangles in the above figure is 28.

140. There are 6 different letters and 6 correspondingly addressed envelopes. If the letters are randomly put in the envelopes, what is the probability that exactly 5 letters go into the correctly addressed envelopes?
