134. Match List I (Institute) with List II (Located At) and select the correct answer using the codes given below the lists:

	List I		List II
A.	Indian Institute of Geomagnetism	1.	Coimbatore
B.	International Advanced Research Centre for Powder Metallurgy and New Materials	2.	Mumbai
C.	Salim Ali Centre for Ornithology & Natural History	3.	Jabalpur
D.	Tropical Forest Research Institute	4.	Hyderabad

	A	B	C	D
(a)	2	3	1	4
(b)	1	4	2	3
(c)	2	4	1	3
(d)	1	3	2	4

Ans. (c) : Indian Institute of Geomagnetism - Located in Mumbai (Maharashtra); International Advanced Institute related to Powder Metallurgy - Hyderabad. Salim Ali Center for Ornithology and Natural History - Coimbatore (Tamil Nadu). Tropical Forest Research Institute - Jabalpur (MP). (Source - India, 2005)

135. Which of the following pairs is correctly matched?

	Departments		Ministry of the Government of India
1.	Department of Women and Child Development	:	Ministry of Health and Family Welfare
2.	Department of Official Language	:	Ministry of Human Resource Development
3.	Department of Drinking Water Supply	:	Ministry of Water Resources

Select the correct answer using the codes given below:

(a) 1 (b) 2
(c) 3 (d) None

Ans. (d) : Department of Child Development : Ministry of Women and Child Development; Department of Official language : Ministry of Home Affairs;
Department of Drinking Water : Ministry of Jal Shakti and Sanitation.

136. Match List I with List II and select the correct answer using the codes given below the lists:

	List I (Agency)		List II (Headquarters)
A.	United Nations Development Programme (UNDP)	1.	Nairobi
B.	United Nations Environment Programme (UNEP)	2.	Vienna
C.	United Nations Industrial Development Organization (UNIDO).	3.	Bern
D.	Universal Postal Union (UPU)	4.	New York

	A	B	C	D
(a)	2	3	4	1
(b)	4	1	2	3
(c)	2	1	4	3
(d)	4	3	2	1

Ans. (b) : The United Nations was established on October 24, 1945. It is headquartered in New York. It is on the island of Manhattan. Under this, various institutions were formed in different years.

UNDP 1965	New York
UNEP 1972	Nairobi
UNIDO 1966	Vienna
UPU 1874	Bern
WMO 1950	Geneva
UNESCO 1945	Paris
IMF 1944	Washington (D.C.)
IAEA 1957	Vienna

137. Which one of the following pairs is not correctly matched?

	Unit of Indian Railway		Location
(a)	Railway Staff College	:	Vadodara
(b)	Central Organization for Railway Electrification	:	Varanasi
(c)	Wheel and Axle Plant	:	Bangalore
(d)	Rail-coach Factory	:	Kapurthala

Ans. (b) : There is a Diesel Locomotive Works (DLW) at Maduadih, Varanasi. While the Central Railway Electrification Organization is in Allahabad.
Other institutes of Railways are-
Rail Engine Factory - Chittaranjan.
Rail Box Factory - Kapurthala (Punjab).
Rail Wheel Manufacturing Factory - Chapra
Railway Staff College - Vadodara (Gujarat).
Major Research Branch of Indian Railways - Lucknow.
Indian Railways is organized into 18 zones.

138. Match List I (New Names of the Countries) with List II (Old names of the countries) and select the correct answer using the codes given below the lists:

	List I		List II
A.	Benin	1.	Nyasaland
B.	Belize	2.	Basutoland
C.	Botswana	3.	Bechuanaland
D.	Malawi	4.	British Honduras
		5.	Dohomey

	A	B	C	D
(a)	3	1	2	4
(b)	5	4	3	1
(c)	3	4	2	1
(d)	5	1	3	4

Ans. (b) :

Country	Old name
Benin	Dahomey
Belize	British Honduras
Botswana	Bechuanaland
Malawi	Nyasaland

139. Two cars X and Y starts from two places A and B respectively which are 700 km apart at 9 a.m. both the cars run at an average speed of 60 km/hr. Car X stops at 10 a.m. and again starts at 11 a.m. while the other car Y continues to run without stopping. When do the two cars cross each other?

(a) 2 : 40 p.m. (b) 3 : 20 p.m.
(c) 4 : 10 p.m. (d) 4 : 20 p.m.

Ans. (b) :

140. In a question of a test paper, there are five items each under List-A and List-B. The examinees are required to match each item under List-A with its corresponding correct item under List-B. Further, it is given that

(i) no examinee has given the correct answer

(ii) answers of no two examinees are identical

What is the maximum number of examinees who took this test?

(a) 24 (b) 26
(c) 119 (d) 129

Ans. (c) : Since, answers of no. two examinees are identical, so first item in List-A can be matched with any of the 5 items in List-B. It can be done in 5 ways. Similarly, 2nd item in List-A can be matched with any of the remaining 4 items in List-B. It can be done in 4 ways. Continuing in the same way, No of ways of arranging the items = $5 \times 4 \times 3 \times 2 \times 1 = 120$ Now, in this arrangement there is one such arrangement, which is the correct answer. ∴ Maximum number of examinees = no. of ways of arrangement of items = 120 – 1 = 119

The details given below relate the FOUR items that follow:

Amit wishes to buy a magazine. Four magazines-one each on politics, sports, sciences and films are available to choose from, they are edited by Feroz, Gurbaksh, Swami and Ila (no necessarily in that order) and published by Aryan, bharat, Charan and Dev Publishers (not necessarily in that order). Further, it is given that

(i) Dev Publishers have published the magazine edited by Feroz

(ii) The magazine on politics in published by Aryan Publishers

(iii) The magazine on films is edited by Swami and is not published by Charan Publishers

141. The magazine on politics is

(a) edited by Ila
(b) edited by Gurbaksh
(c) published by Dev Publishers
(d) published by Charan Publishers

Ans. (b) : edited by Gurbaksh

142. The magazine on science is published by

(a) Aryan Publishers (b) Bharat Publishers
(c) Charan Publishers (d) Dev Publishers

Ans. (c) : Charan Publishers

143. The magazine on sports is:

(a) edited by Feroz
(b) edited by Gurbaksh
(c) published by Bharat Publishers
(d) Published by Charan Publishers

Ans. (a) : edited by Feroz

144. The magazine on films is:

(a) published by Dev Publishers
(b) published by Bharat Publishers
(c) edited by Gurbaksh
(d) published by Charan Publishers

Ans. (b) : published by Bharat Publishers

145. A and B start from the same point and in the same direction at 7 a.m. to walk around a rectangular field 400 m x 300 m. A and R walk at the rate of 3 km/hr and 2.5 km/hr respectively. How many times shall they cross each other if they continue to walk till 12:30 p.m.?
