(a) Jaya Prakash Narayan
(b) Jawahar Lal Nehru
(c) Sheikh Abdullah
(d) Sardar Vallabhhai Patel

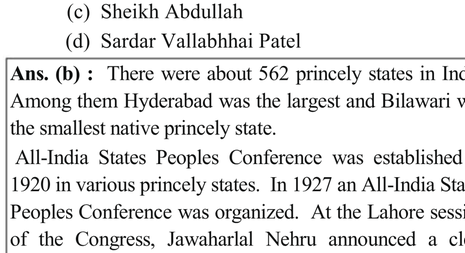

Ans. (b) : There were about 562 princely states in India. Among them Hyderabad was the largest and Bilawari was the smallest native princely state.
All-India States Peoples Conference was established in 1920 in various princely states. In 1927 an All-India States Peoples Conference was organized. At the Lahore session of the Congress, Jawaharlal Nehru announced a clear policy towards indigenous settlements that the Indian princely states would not be separated from the rest of India and would have the right to determine their future. In 1939, the All-India States Peoples Conference was presided over by Pt. Jawaharlal Nehru.

22. Who amongst the following Englishmen, first translated Bhagvad-Gita into English?
(a) William Jones
(b) Charles Wilkins
(c) Alexander Cunningham
(d) John Marshall

Ans. (b) : Charles Wilkins was a member of Asiatic Society of Bengal founded by William Jones. He translated Bhagavad Gita into English in 1794.

INDIAN GEOGRAPHY

23.

The annual agricultural production of a product for the period 1991-92 to 1998-99 is shown in the figure given above. Which one of the following is the product in question?
(a) Pulses (b) Wheat
(c) Oilseeds (d) Rice

Ans. (d) : In the given bar diagram the annual production of "Rice" for the period 1991–92 to 1998–99 is shown.

24. Match List I with List II and select the correct answer using the codes given below the lists:

	List I (Institute)	List II (Location)
A.	Central Institute of Medicinal & Aromatic Plants	1. Chandigarh
B.	Centre of DNA Finger Printing and Diagnostics	2. Hyderabad
C.	Institute of Microbial Technology	3. New Delhi
D.	National Institute of Immunology	4. Lucknow

	A	B	C	D
(a)	2	4	1	3
(b)	4	2	1	3
(c)	2	4	3	1
(d)	4	2	3	1

Ans. (b) : The Central Institute of Medicinal and Aromatic Plants is located in Lucknow, Centre for DNA Finger Printing and Diagnostics is located in Hyderabad, Institute of Microbial Technology is located in Chandigarh and National Institute of Immunology is located in New Delhi.

25. The approximate age of the Aravallis range is:
(a) 370 million years (b) 470 million years
(c) 570 million years (d) 670 million years

Ans. (a) : Geologists say that the mountain range is as old as 370 million years which is older than the Himalayan Range. Thus, making it the oldest range of fold Mountains in India.

26.

In the above map, the black maps show the distribution of
(a) Asbestos (b) Gypsum
(c) Limestone (d) Mica

Ans. (d) : In the given figure of India, Mica is found in all the states of India like Jharkhand, Orissa, Bihar, Rajasthan, Tamil Nadu, Karnataka, West Bengal and Andhra Pradesh.

27.

In the Shaded area of the above map, the mean temperature for the month of July varies between
(a) 22.5ºC–25.0ºC (b) 25.0ºC–27.5ºC
(c) 27.5ºC–30.0ºC (d) 30.0ºC–32.5ºC

Ans. (b) : The shaded area displayed in the map shows the change in temperature between 25 ° - 27.5 ° C for the month of July.

28. The location of the space organisation units have been marked in the given map as 1, 2, 3 and 4. Match these units with the list given below and select the correct answer using the codes given below:

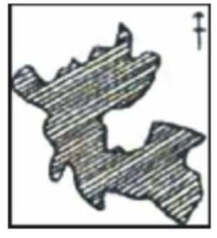

List
A. I.S.R.O.
B. I.I.R.S.
C. N.R.S.A.
D. S.A.C.

	A	B	C	D
(a)	4	1	2	3
(b)	1	4	3	2
(c)	1	4	2	3
(d)	4	1	3	2

Ans. (d) : ISRO is situated in Banglore, which is marked as '4', Indian Institute of Remote Sensing (IIRS) is located in Dehradun which is marked as '1', National Remote Sensing Agency (NRSA) is situated in Hyderabad, marked as '3' and Space Application Centre (SAC) is situated in Ahmedabad which is marked as '2' in the map.

29.

The above map is the Union Territory of:
(a) Chandigarh
(b) Daman and Diu
(c) Dadra and Nagar Haveli
(d) Pondicherry

Ans. (c) : When the question was asked it was a map of Union Territory of Dadra and Nagar Haveli. Currently the UTs of Daman and Diu and Dadra and Nagar Haveli are merged to create UT of Dadra and Nagar Haveli and Daman and Diu.

WORLD HISTORY

30. Match List I with List II and select the correct answer using the code given below the lists:

	List I (Country)	List II (President)
A.	Columbia	1. Vicente Fox
B.	Philippines	2. Hugo Chavez
C.	Mexico	3. Gloria Macapagal Arroya
D.	Venezuela	4. Andres Pastrana

	A	B	C	D
(a)	4	3	2	1
(b)	3	4	2	1
(c)	4	3	1	2
(d)	3	4	1	2

Ans. (c) : Columbia is situated in North-Western part of South America whose president was Andres Pstrana from 1998-2002. Gloria Macapagal Arroyo became President of Philippines on 20th January 2001. Mexico is situated in North America whose president was Vincent Fox whereas the president of Venezuela was Hugo Chavez.

31. Consider the following statements:
1. **Most magmas are a combination of liquid, solid and gas.**
2. **Water vapour and carbon dioxide are the principle gases dissolved in a Magma.**
3. **Basaltic magma is hotter than the silicic magma.**
4. **The magma solidified between sedimentary rocks in a horizontal position is known as like.**

Which of these statements are correct?
(a) 1, 2 and 3 (b) 2, 3 and 4
(c) 1 and 4 (d) 1, 2 and 4

Ans. (a) : The basic composition of Magma released because of volcanic eruption is liquid, solid and gas. Water vapor and carbon di-oxides are principal gases dissolved in magma. Basaltic Magma is hotter than the Silicic magma. However horizontal sedimentation of magma is called sill, Dyke is vertical sedimentation of Magma.
