122. Assertion (A) : The temperature of a metal wire rises when an electric current is passed through it.
Reason (R) : Collision of metal atoms with each other releases heat energy.

Ans. (c) : The temperature of a metal wire rises when an electric current is passed through it Electricity is the movement of electrons, when the electrons passes through the wire they collide with the atoms of the wire. During such collisions electrons transfer some of their kinetic energy to the atoms of the wire therefore the temperature of the wire increases. Hence 'A' is true but 'R' is false.

123. Assertion (A) : Phenyl is used as a household germicide.
Reason (R) : Phenyl is a phenol derivative and phenol is an effective germicide.

Ans. (a) : Phenyl being a phenol derivative have effective germicidal properties because phenol is germicidal in form of strong solutions. That's why phenyl is used as a household germicide.

124. Assertion (A) : partition of Bengal in 1905 brought to an end the Moderates' role in the Indian freedom Movement.
Reason (R) : The Surat session of Indian National Congress separated the extremists from the Moderates.

Ans. (d) : Moderates continued to participate in the struggle for freedom even after 1905 Bengal Partition. Later in 1916 both the groups re-united in 1916 at Lahore session.

125. Assertion (A) : The first ever bill to make primary education compulsory in India was rejected in 1911.
Reason (R) : Discontent would have increased if every cultivator could read.

Ans. (d) : The British rejected the first ever bill in 1993 to make primary education compulsory in India because they feared it would spread discontent all over the country.

126. Assertion (A) : Sodium metal is stored under Kerosene.
Reason (R) : Metallic sodium metls when exposed to air.

Ans. (a) : Sodium metal is stored under kerosene because it is highly explosive and catches fire when comes in contact with O_2.

127. Assertion (A) : The congress rejected the Cripps proposals.
Reason (R) : The Cripps Mission consisted only of whites.

Ans. (b) : Main reasons for the failure of the Cripps mission of 1942 was - (1) Gandhi's opposition led the Indian National Congress to reject the British offer. (2) Cripps modification of the original British offer, which provided for no real transfer of power. (3) The behind-the-scenes efforts of the Viceroy and Secretary of State for India to sabotage the mission.

128. Assertion (A) : The United States of America has threatened to ask the World Trade Organisation (W.T.O.) to apply sanctions against the developing countries for the non-observances of I.L.O. conventions.
Reason (R) : The United States of America (U.S.A.) itself has adopted and implemented those I.L.O. conventions.

Ans. (c) : International labour law is not much known in USA. It works in its own context. Hence R is worng

129. Assertion (A) : During the reign of Shahjahan, Dara Sikoh was sent on expedition to Balkha, Badakhshan and Qandahar.
Reason (R) : The expedition sent by Shahjahan to the Middle-East was a marvellous success.

Ans. (c) : Shah Jahan sent Dara Shikoh, with a large army and two of the heaviest artillery pieces of the Mughal at that time, on expedition of Balkha, Badakhshan and Kandhar. But that expedition was a failure. In fact it was shah Jahan's rule when Mughal lost Kandhar forever. Hence Assertion A is correct but Reason R is false.

130. Assertion (A) : Gandhi stopped the non-co-operation movement in 1922.
Reason (R) : Violence at Chauri-Chaura led him to stop the movement.

Ans. (a) : The Chauri-Chaura incident took place on February 4, 1922 when 22 policemen trapped inside their station during the protest in a town called Chauri-Chaura, were burnt to death Hearing of this incident, Gandhi called a meeting of Congress Working Committee (CWC) on February 12, 1922 (popularly known as Bardoli Resolution) and declared the withdrawal of Non-Cooperation Movement. However CR Das and Motilal Nehru strongly opposed the suspension of this movement.

131. Match List-I with List-II and select the correct answer using the codes given below the lists:

List-I	List-II
A. Ringgit	**1. Indonesia**
B. Baht	**2. South Korea**
C. Rupiah	**3. Thailand**
D. Won	**4. Malaysia**

Codes:

	A	B	C	D
(a)	1	3	4	2
(b)	4	3	1	2
(c)	1	2	4	3
(d)	4	2	1	3

Ans. (b) : 1. Ringgit = Malaysia
2. Baht = Thailand
3. Rupiah = Indonesia
4. Won = South Korea

132. There are 50 students admitted to a nursery class. Some students can speak only English and some can speak only Hindi. 10 students can speak both English and Hindi. If the number of students who can speak English is 21, then how many students can speak Hindi, how many can speak only Hindi and how many can speak only English?
(a) 21, 11 and 29 respectively
(b) 28, 18 and 22 respectively
(c) 37, 27 and 13 respectively
(d) 39, 29 and 11 respectively

Ans. (d) : Number of students who speak only English = (Number of students who speak English – Number of students who speak both Hindi and English) =21 –10=11
Number of students who speak Hindi = (Total no of students – No of students who speak only English) = 50 – 11 = 39
∴ Number of students who speak only Hindi = (Number of Hindi speaking students – no of students who speak both languages) = 39 – 10 = 29.

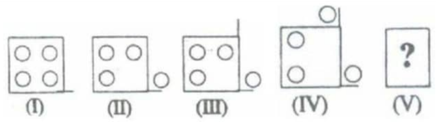

133. An accurate clock shows the times as 3.00. After hour hand has moved 135°, the time would be:
(a) 7.30 (b) 6.30
(c) 8.00 (d) 9.30

Ans. (a) : Hour hand covers an angle of 360° in 12 hours. ∴Time taken to cover an angle of 135°

$$= \frac{135° \times 12}{360°} = 4.5\text{hr.}$$

∴ Required time = 3 + 4.5 = 7.5 = 7:30

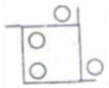

134.

In the above set of figures (I) to (IV), some parts are shown to change their position in a regular direction. Following the same sequence, which one of the following will appear at the fifth stage?

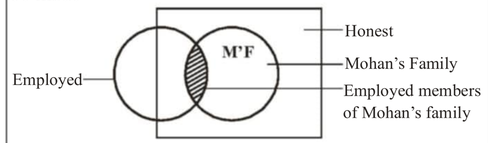

(a) (b) (c) (d)

Ans. (c) : In each alternative figure, one extra side of square extended in anticlockwise direction comes out and in remaining figure, one inside circle comes out.

Hence, option (c) will be correct answer.

135. Examine the following statements:
1. All members of Mohan's family are honest.
2. Some members of Mohan's family are not employed.
3. Some employed persons are not honest.
4. Some honest persons are not employed.
Which one of the following inferences can be drawn from the above statements?
(a) All members of Mohan's family are employed
(b) The employed member of Mohan's family are honest
(c) The Honest members of Mohan's family are employed
(d) The employed member of Mohan's family are not honest

Ans. (b) : According to question following diagram can be made

Therefore option (b) is correct answer to the question.

136. Match List-I with List-II and select the correct answer using the codes given below the lists:

A. Graphite	**1. Bellary**
B. Lead	**2. Didwana**
C. Salt	**3. Rampa**
D. Silver	**4. Zawar**

Codes:

	A	B	C	D
(a)	3	4	1	2
(b)	1	4	2	3
(c)	3	1	4	2
(d)	2	3	1	4

Ans. (b) : Correct match is :

	List-I (Minerals)		List-II (Mining areas)
A.	Graphite	1.	Bellary
B.	Lead	2.	Zawar
C.	Salt	3.	Didwana
D.	Silver	4.	Rampa

137. In a dinner party both fish and meat were served. Some took only fish and some only
