once it has been introduced into the Ecosystem?

(a) Grasshopper (b) Toad
(c) Snake (d) Cattle

Ans. (c) : After the introduction of DDT into the ecosystem, the concentration of DDT in the food chain will be lowest at the first level, higher than that at the second level and highest at the third level. Since snake is a tertiary consumer, the concentration of DDT will be highest in snake.

CURRENT AFFAIRS

115. The Prime Minister of which one of the following countries is chosen by the ruling prince from a slate of three candidates put up to him by the President of France?

(a) San Marius (b) Liechtenstein
(c) Malta (d) Monaco

Ans. (d) : The Minister of State is the head of the government of Monaco, being appointed by and subordinate to the Prince or Princess of Monaco. The office was created in 1911 with the adoption of Monaco's constitution. Until the revision of the constitution of 2002, he had to be a French citizen, selected from several senior civil servants proposed by the French government. Since 2002, the Minister of State can be either French or Monegasque and is chosen and appointed by the prince, after consultation with the French government.

116. One of the important agreements reached in the 1996 Ministerial Conference of W.T.O. refers to:

(a) Commerce in Information Technology
(b) Multilateral Agreement on Investment
(c) Multi-fibre Agreement
(d) Exchange of technical personal

Ans. (a) : The 5-day meeting of the World Trade Organization (W.T.O.) was held in Singapore from December 9, 1996 to December 13, 1996. 128 countries participated in this meeting and announced an agreement on duty free trade of information technology products by the year 2000.

117. The film "The Making of the Mahatama" has been directed by:

(a) Peter Ustinov
(b) Richard Attenborough
(c) Shyam Benegal
(d) Mira Nair

Ans. (c) : The film 'The Making of Mahatma' is directed by Shyam Vikalpa Benegal. The film's theme is based on the book 'Apprentices of the Mahatma' by Indian-origin South African writer Fatima Mir.

118. A major health mission carried out in 1996 was:

(a) War against leprosy
(b) Small-pox eradication
(c) Pulse polio immunization
(d) Popularisation of oral rehydration therapy

Ans. (c) : The pulse polio immunization was a major health mission carried out in 1996 to make India polio free. The programme is still being carried out.

119. State funding of elections takes place in:

(a) U.S.A. and Canada
(b) Britain and Switzerland
(c) France and Italy
(d) Germany and Austria

Ans. (d) : State funding of elections takes place in Germany and Austria.

120. Bishop Carlos Felipe Xinenes Belo and Jos Remos Horta who shared the 1996 Nobel Peace Prize are known for their work for the cause of:

(a) East Timor (b) Gautemala
(c) Bosnia (d) Barunda

Ans. (a) : These individuals have been awarded the Nobel Peace Prize in the year 1996 for their efforts in peaceful and proper solution to the conflict in East Timor.

121. Match List-I with List-II and select the correct answer:

List-I	List-II
A. Rashtriya Mahila	**1. Empowerment of women**
B. Mahila Samriddhi Yojana	**2. Education for women's equality**
C. Indira Mahila Yojana	**3. Promotion of savings among rural women**
D. Mahila Samakhya Programme	**4. Meeting credit needs of the poor women**

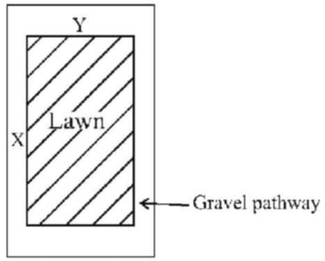

Codes:

	A	B	C	D
(a)	3	2	1	4
(b)	1	3	4	2
(c)	4	3	2	1
(d)	4	1	2	3

Ans. (c) : The Rashtriya Mahila Kosh (National Credit Fund for Women) was set up in 1993 to make credit available for lower income women in India. The Mahila Samridhi Yojana (MSY) was launched on 2nd October, 1993 with the objective of empowering the rural women through building thrift habit, self-reliance and confidence. The Indira Mahila Yojana (IMY) aims at organizing at the grass-root level to facilitate their participation in decision-making and their empowerment was launched on 20 August 1995. Pursuant to the objectives of the NPE (National Policy on Education), 1986, the Mahila Samakhya Scheme was started in 1989 to translate the goals enshrined in the NPE into a concrete programme for the education and empowerment of women in rural areas particularly those from socially and economically marginalized groups.

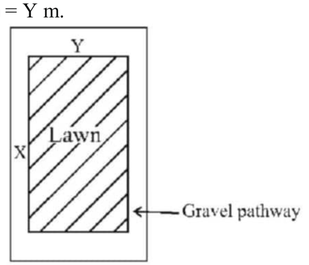

MISCELLANEOUS

122. A rectangular plot of lawn shown in the figure has dimension 'x' and 'y' and is surrounded by a gravel pathway of width 2m. What is the total area of the Pathway?

(a) 2x + 2y + 4
(b) 2x + 2y + 8
(c) 4x + 4y + 8
(d) 4x + 4y + 16

Ans. (d) : Length of the rectangular lawn plot = X m. and width = Y m.

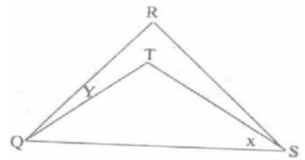

:: . Area of rectangular lawn = xy metre Square.
Length of the plot along the path = (x +4) m .
Width of plot along the path = (Y + 4) m.
Area of the plot along the path = (x +4) (y + 4)
= xy + 4y + 4x + 16 sq. m.
::: Area of path = Area of plot with path - Area of plot without path
= [(xy + 4y + 4x + 16) – xy]
= 4x + 4y + 16
= 4x + 4y + 16 sq.km.

123. The average monthly income of a person in a certain family of 5 is Rs. 1000/. What will be the monthly average income of person in the same family if the income of one person increased by Rs. 12000/- per year?

(a) 1200 (b) 1600
(c) 2000 (d) 3400

Ans. (a) : Total income of the family per month = 5 × 1000 = Rs.5000 per month
Increased amount = 12000/12 = Rs.1000 per month
Now, total amount of the family per month = Rs.6000
So, the average income of the family per month (after increasing) = 600/5 = 1200.

124. In the given figure, if QRS is an equilateral triangle and QTS is an isosceles triangle and x = 47°, then value (in degrees) of y will be:

(a) 13° (b) 23°
(c) 33 (d) 43°

Ans. (a) :
In equilateral triangle, each angle is 60 degrees.
QTS is isosceles triangle hence angle QTS = 47degrees.
Angle RQS =60 degrees.
Y is difference of both these angles hence 13

125. In which one of the following countries will the no confidence motion to bring down the government passed by the legislature be valid only when the legislature is able to find simultaneously a majority to elect successor government?

(a) France (b) Germany
(c) Italy (d) Portugal

Ans. (c) : In Italy, the government can fall only when the legislature can choose a successor government by getting a majority immediately. The no-confidence motion is considered passed only when the formation of an alternative government is certain. This type of provision is in Italy.

126. In the series POQ, SRT, VUW, ____, the blank space refers to:

(a) XYZ (b) XZY
(c) YXZ (d) YZX

Ans. (c) : The order of the series is:

POQ = P (+1) O (+2) Q [R is the next letter after Q]
SRT = S (+1) R (+2) T [U is the next letter after T]
