Ans. (b): A soft loan is a loan with a below market rate of interest. It also includes concession to borrowers such as long repayment periods or interest holidays.
Technical assistance is aid involving highly educated or trained personnel, such as doctors, who are moved into a developing country to assist with the program of development. Food assistance is given to countries in urgent need of food supplies, especially if they have just experienced a Natural disaster. Grant is usually given to governments through individual countries, international aid agencies and through multilateral institutions such as the World Bank and through development charities.

118. Consider the following statements:
Towards the close of 1995, the fortunes of Indian Hokey were believed to be on the upswing because.
1. India had won the Azlan Shah Cup 1995.
2. India beat Pakistan in South-Asian Federation games final.
3. India had by then qualified for the Atlantic Olympics.

(a) 1, 2 and 3 are correct
(b) 1 and 2 are correct
(c) 1 and 3 are correct
(d) 2 and 3 are correct

Ans. (b): India qualified for Atlanta Olympic in Hockey January 1996 in Barcelona, so till 1995 India had not qualified for Atlanta Olympic.

119. According to WHO the disease which causes the death of the largest number of people today is
(a) AIDS (b) Tuberculosis
(c) Malaria (d) Ebola

Ans. (b): As per WHO disease responsible for maximum death is Tuberculosis. It is caused by bacteria Mycobacterium tuberculosis.

120. The emerging trading block in the world, such as NAFTA, ASEAN and the like are expected to:
(a) Act as constrictions in free trade across world.
(b) Promote free trade on the lines laid down by the WTO
(c) Permit transfer of technology between member countries.
(d) Promote trade in agricultural commodities between the countries of North and South.

Ans. (b): World Trade Organization (WTO) is a body making global trade rules with binding effect on its members. It is not only institution, but also a set of agreements. The WTO regime is known as rules-based multilateral trading system. The history of the organization dates back to 1947, when the General Agreement on Tariffs and Trade (GATT) was set up to reduce tariff barriers, remove trade barriers and facilitate international trade in goods and services. Over the years, GATT held eight rounds of multilateral trade negotiations, the last and most extensive being the Uruguay Round (1986 - 1994). The WTO came into being at Marrakesh in 1995, following the conclusion of the Uruguay Round. After this GATT ceased to exists and its legal texts were incorporated into WTO as GATT-1994. The eastern block nations have no special status as WTO member.

121. Which of the following were aims behind the setting up of the World Trade Organization (WTO)?
1. Promotion of free trade and resource flow across countries.
2. Protection of intellectual property rights.
3. Managing balanced trade between difference countries.
4. Promotion of trade between the former east Block countries and the western world.

Select the correct answer by using the codes given below:
(a) 1, 2, 3 and 4 (b) 1 and 2
(c) 2 and 3 (d) 1 and 4

Ans. (a): The WTO has six key objective.
1. To set up and enforce rules for international.
2. To provide a forum for negotiating and monitoring further trade liberalization.
3. To resolve trade disputes.
4. To increase the transparency of decision- making process.
5. To cooperate with other major international economic institutions involved in global economic management.
6. To helping developing countries benefit fully from the global trading system.

122. Consider the following statements:
At the present level of technology in India, Solar energy can be conveniently used to:
1. Supply hot water to residential buildings.
2. Supply water for minor irrigation projects.
3. Provide street lighting.
4. Electrify a cluster of villages and small towns.

(a) 1, 2, 3 and 4 are correct
(b) 2 and 4 are correct
(c) 1 and 3 are correct
(d) 1, 2 and 3 are correct

Ans. (a): Solar energy, radiation light and heat form the sun has been harnessed by humans since ancient times using a range of ever evolving technologies. At present solar energy in our country is used for solar water heater. Supply water for minor irrigation projects, Provide street lighting and Electrify a cluster of villages and small towns. Hence option (a) is correct answer.

123. In the 1996 Cricket World Cup, the non test playing countries which participated included:
(a) UAE, Kenya and Canada
(b) UAE, Kenya and Hong Kong
(c) UAE, Kenya and Holland
(d) Canada, Kenya and Hong Kong

Ans. (c): UAE, Kenya and Holland are the non-test playing nations who participated in 1996 World Cup.

124. Which one of the following had legalized Euthanasia?
(a) Texas in the USA
(b) Northern Territory in Australia
(c) Quebec in Canada
(d) Maharashtra in India

Ans. (a): Texas State in U.S.A has legalized Euthanasia. Euthanasia is process in which if a person who is willing to die, he is given peaceful death by the doctor through an injection.

125. Which one of the following is a modern tank?
(a) Bhim (b) Akash
(c) Arjun (d) Prithvi

Ans. (c): Arjun is the modern tank produced by Defence Research and Development organization (DRDO).

126. Which one of the following works has recently been made into a full length feature film?
(a) R.K. Narayan's Malgudi days
(b) Salman Rushdie's Midnight's Children
(c) Vikram Seth's A suitable Boy
(d) Upmanyu Chatterjee's English August.

Ans. (d): Director Dev Bengal has made a full length Feature film, starring Rahul Bose, on Upmanyu Chatterjee's novel "English August".

127. Which one of the following countries had more or less evolved a two party system:
(a) Sri Lanka (b) Bangladesh
(c) Pakistan (d) Myanmar

Ans. (b): Bangladesh is the country which has evolved a two party system. Power rotates between two parties which are Nationalist Party and Awami League.

MISCELLANEOUS

128. Mouse is to cat as Fly is to:
(a) rat (b) animal
(c) spider (d) horse

Ans. (c): cats eat mouse, similarly spider eats flies.

129. Examine the following statements-
1. George attends Music classes on Monday.
2. He attends Mathematics classes on Wednesday.
3. His literature classes are not on Friday.
4. He attends, history classes on the day following the day of his mathematics classes.
5. On Tuesday he attends his sports classes.

If he attends just one subject in a day and his Sunday is free, then he is also free on
(a) Monday (b) Thursday
(c) Saturday (d) Friday

Ans. (d):

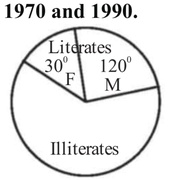

Day	**Activity**
Monday	Music
Tuesday	Sports
Wednesday	Maths
Thursday	History
Friday	……
Saturday	Literature

Friday cannot have literature classes, so it must be on Saturday as Sunday is free. Only remaining day to be free is Friday, so Friday is free.

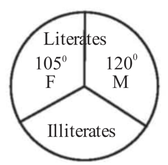

130. Two important characteristics of a hypothesis are that is should be testable and that it should be stated in a manner that it can be refute. Which one of the following hypothesis fulfils these characteristics?
(a) Intelligent persons have good memory.
(b) Some birds are animals
(c) Some businessman are dishonest
(d) All men are mortal

Ans. (a): According to both the characteristics of the hypothesis, (a) only satisfies the criteria because in case of being testable, intelligent person can be teste positively and in case of refutation also it can be shown that all the persons, having sound memory are not intelligent. While hypothesis (d) neither is testable not refutable two to its universal truthness, the hypothesis (b) can not be refuted because no bird can be claimed non animal. In case of hypothesis (c), it is testable but not refutable.

131. The give pie charts show the proportion of literates and illiterates in a country in the year 1970 and 1990.

1970

1990
