49. Which of the following places have their standard times, that are the same as GMT?

I. Accra **II. Dublin**

III. Madrid **IV. Lisbon**

Choose the correct answer from the codes given below:

(a) I, II and III (b) I, III and IV

(c) I, II and IV (d) II, III and IV

Ans. (c) **:** Madrid uses GMT +1.00, whereas Accra, Dublin, Lisbon shares same GMT of London.

Greenwich Mean Time is the mean solar time at the Royal Observatory in Greenwich, London, counted from midnight. At different times in the past, it has been calculated in different ways, including being calculated from noon, as a consequence, it cannot be used to specify a particular time unless a context is given.

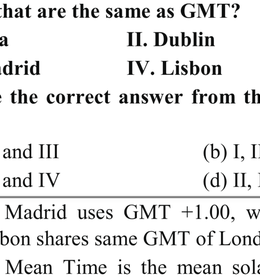

50. The production of cultured pearls is an important cottage industry of:

(a) Belgium (b) West Indies

(c) New Zealand (d) Japan

Ans. (d) : Japan has been the world's major marine pearl producer for over a century, and has developed advanced technology in pearl oyster culture and pearl production.

51. Consider the map given below. The countries marked 1, 2, 3, and 4 in the map respectively represent:

(a) Libya, Somalia, Nigeria & Namibia

(b) Egypt, Somalia, Congo and Namibia

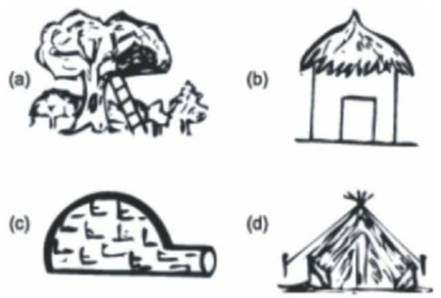

(c) Sudan, Ethiopia, Angola and Botswana

(d) Algeria, Kenya, Ghana and Zambia

Ans. (a) : From given map of Africa , the location is clear and they are as follows:

- Libya – Tripoli (Capital)
- Somalia –Mogadishu (Capital)
- Nigeria –Abuja (Capital)
- Namibia-Windhoek (Capital)

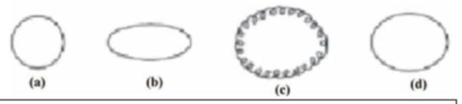

52. Among the four house types shown below, which one represents the house type of the Pygmies?

Ans. (a) : Pygmy people are ethnic groups whose average height is unusually short. The term pygmyism is used to describe the phenotype of endemic short stature (as opposed to proportionate dwarfism occurring in isolated cases in a population) for populations in which adult men are on average less than 150 cm (4 ft 11 in) tall.

Pygmy house made with sticks and leaves in northern Republic of the Congo.

53. Which one of the diagrams given below represent most closely the path of geostationary satellite in space?

Ans. (d) : A geostationary satellite is in an orbit that can only be achieved at an altitude very close to 35,786 km (22,236 miles) and which keeps the satellite fixed over one longitude at the equator. The satellite appears motionless at a fixed position in the sky to ground observers. Thus it is very clear from option (D) that geostationary satellite in space have path as shown in diagram.

54. The solar eclipse achieves totality only in the limited geographical regions because:

(a) The earth is not a smooth flat surface, but has elevations and depressions.

(b) The size of the shadow of the moon on the earth is small compared to the cross section of the earth the trajectories of the earth around the sun and the moon around the earth are not perfect circles.

(c) Evaporation of water from atmospheric precipitation occurs only in winter.

(d) Sun rays can reach most of the peripheral regions of the shadow of the moon due to a atmospheric refraction.

Ans. (b) : Size of the moon is roughly one fourth of the size of earth, thus the moon casts a smaller shadow which falls upon a limited portion of the earth. Thus solar eclipse achieves totality only in a limited portion on earth.

55. The Lifeline Express' is:

(a) The world's first hospital on rails operating in India.

(b) An instrument used for watching the fluctuations in the blood pressure of a patient under general anesthesia.

(c) A de-addiction programme to save drug addicts.

(d) **A** popular health magazine founded by Ramnath Goenka.

Ans. (a) : The only mobile medical train of its kind started by Indian Railways, 'Life Line Express' is the first such hospital in the world which is operated on the railway tracks of India to serve the sick people of the country. This medical train is being operated for the areas without the provision of good medical and health services.

56. The only landlocked country in Southeast Asia is:

(a) Laos (b) Thailand

(c) Malaysia (d) Kampuchea

Ans. (a) : 'Laos' is the only Southeast-Asian country, which is landlocked from all sides, that is, the borders of this country do not touch the water or sea area. The countries around Laos are Vietnam, Thailand, Myanmar, Kampuchea (Cambodia) and China. The capital of Laos is Vientiane.

INDIAN CONSTITUTION AND POLITY

57. Match List I with List II and select the correct answer by using the codes given below the lists:

List I (Features of the Indian Constitution)	List II (Borrowed from)
I. Fundamental Rights	(A) U.K.
II. Parliamentary system of Government	(B) U.S.A.
III. Emergency provisions	(C) Ireland
IV. Directive Principles of State Policy	(D) German Reich
	(E) Canada

Codes:

(a) IB, IID, IIIE, IVA (b) IB, IID, IIIC, IVA

(c) IB,IIA,IIID, IVC (d) IB,IIC, IIIE, IVA

Ans. (c) : Fundamental Rights – USA
Parliamentary system of government – U.K
Emergency provision – German
Directive Principles of State Policy – Ireland

58. Which of the following statements regarding the Constituent Assembly are true?

I. It was not based on adult franchise.

II. It resulted from direct elections.

III. It was a multiparty body.

IV. It worked through several committees.

Select the correct answer from the codes given Below:

Codes:

(a) I and II (b) II and III

(c) III and IV (d) I, II, III and IV

Ans. (c) : The Constitution of India was drafted by the Constituent Assembly, and it was implemented under the Cabinet Mission Plan on 16 May 1946. The members of the Constituent Assembly were elected by the provincial assemblies by a single, transferable-vote system of proportional representation.

The constituent assembly was based on limited adult franchise and Constituent assembly was indirectly elected and nominated body.

Thus statement 1 and 2 both are incorrect and statement 3 and 4 are correct.

59. The Swaran Singh Committee considered the question of:

(a) More autonomy to Punjab on the model of Jammu & Kashmir.

(b) The suitability of the Presidential form of government for India.

(c) The precedence of the Directive Principles over Fundamental Rights.

(d) Administrative reforms.

Ans. (c) : In 1976, the Government of India set up the Sardar Swaran Singh Committee to make recommendations about fundamental duties, the need and necessity of which was felt during the operation of the internal emergency. The committee recommended the inclusion of a separate chapter on fundamental duties in the Constitution. It stressed that the citizens should become conscious that in addition to the enjoyment of rights, they also have certain duties to perform as well. The Fundamental Duties were added in Part IV–A of Indian Constitution by 42nd Amendment Act 1976. It also considered the question of the precedence of the Directive principle over Fundamental Right.

60. The only instance when the President of India exercised his power of veto related to:

(a) The Hindu Code Bill

(b) The PEPSU Appropriation Bill

(c) The Indian Post Office (Amendments) Bill

(d) The Dowry Prohibition Bill

Ans. (c) : Giani Zail Singh, the President of India from 1982 till 1987, exercised a pocket veto to prevent the Indian Post Office (Amendment) Bill 1986 from becoming law.

But in case of the PEPSU Appropriation bill, absolute veto was used.

A pocket veto allows a president to exercise veto power over a bill by taking no action.
