GENERAL MENTAL ABILITY

66. Four political parties W,X,Y and Z decided to set up a joint candidate for the coming parliamentary elections. The formula agreed by them was the acceptance of the candidates by them was the acceptance of a candidate by most of the parties. Four aspiring candidates, A, B,C, and D approached the parties for their tickets.
A, B, C and D approached the parties for their tickets.
A was acceptable to W but not to Z.
B was acceptable to Y but not to X.
C was acceptable to W and Y.
D was acceptable to W and X.
When candidate B was preferred by W and Z, candidate C was preferred by X and Z, and candidates A was acceptable to X but not to Y, Who got the ticket ?
(a) A (b) B (c) C (d) D

Ans. (c)

		Political Parties			
		W	X	Y	Z
Candidates	A	✓	✓	×	×
	B	✓	×	✓	✓
	C	✓	✓	✓	✓
	D	✓	✓	—	—

According to the statement, All political parties accept C candidate.
Hence, C got the ticket.

67. Consider the following statements :
1. All X-brand cars parked here are white
2. Some of them have radial tyres.
3. All X-brand cars manufactured after 1986 have radial tyres
4. All cars are not X-brand

Which one of the following conclusions can be drawn from the above statements ?
(a) Only white cars are parked here.
(b) Some white X-brand cars with radial tyres are parked here.
(c) Cars other than X-brand cannot have radial tyres.
(d) Most of the X-brand cars are manufactured before 1986.

Ans. (b)

Hence,
Some white X-brand cars with radial tyres are parked here.

68. Three persons A, B and C wore shirts of black, blue and orange colours (not necessarily in that order) and pants of green, yellow and orange colours (not necessarily in that order). No person wore shirt and pants of the same colour.
Further, it is given that
1. A did not wear shirt of black colour
2. B did not wear shirt of blue colour
3. C did not wear shirt of orange colour
4. A did not wear pants of green colour
5. B wore pants of orange colour

What were the colours of the pants and shirt worn by C, respectively?
(a) Orange and black
(b) Green and blue
(c) Yellow and blue
(d) Yellow and black

Ans. (b)

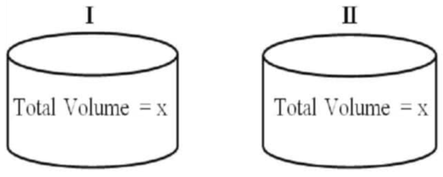

Persons	Pants	Shirts
A	Yellow	Orange
B	Orange	Black
C	Green	Blue

Hence,
C wore Pant of green colour and shirt of Blue colour.

BASIC NUMERICAL ABILITY

69. Two glasses of equal volume are respectively half and three-fourths filled with milk. They are then filled to the brim by adding water. Their contents are then poured into another vessel. What will be the reatio of milk to water in this vessel.
(a) 1 : 3 (b) 2 : 3 (c) 3 : 2 (d) 5 : 3

Ans. (d) Let the quantity of equal volume in both the vessel be x.

$\text{Milk} = x \times \frac{1}{2} = \frac{x}{2}$ $\quad \text{Milk} = x \times \frac{3}{4} = \frac{3x}{4}$

$\text{Water} = x - \frac{x}{2} = \frac{x}{2}$ $\quad \text{Water} = x - \frac{3x}{4} = \frac{3x}{4} = \frac{x}{4}$

The ratio of milk and water in both vessels.

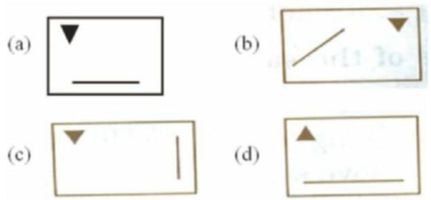

$= \frac{\frac{x}{2} + \frac{3x}{4}}{\frac{x}{2} + \frac{x}{4}} = \frac{\frac{2x+3x}{4}}{\frac{2x+x}{4}} = \frac{5x}{3x} = \frac{5}{3}$

The required ratio = 5 : 3

70. The elements of the problem figures given below are changing with a certain rule as we observe them from left to right.

According to this rule, which of the following would be the next figure if the changes were continued with the same rule ?

Ans-(d)

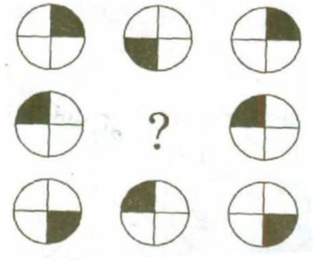

71. Consider the following information regarding the performance of a class of 1000 students in four different tests :

Tests	I	II	III	IV
Average marks/	60	60	70	80
Range of marks/	30 to 90	45 to 75	20 to 100	0 to 100

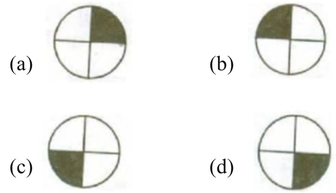

If a student scores 74 marks in each of the four tests, in which one of the following tests is her performance the best comparatively ?
(a) Test I (b) Test II
(c) Test III (d) Test IV

Ans. (b) On observing all the tests,
The maximum limit of the second test is 75. Which is close to the marks obtained by a student at 74.
∴ In comparison, the second test is the best.

72.

Which one of the figures shown below occupies the blank space (?) in the matrix given above ?

Ans.(d)

ENGLISH LANGUAGE COMPREHENSION

Passage—1

For fourteen and a half months I lived in my little cell or room in the Dehradun jail, and I began to feel as if I was almost a part of it. I was familiar with every bit of it, I knew every mark and dent on the whitewashed walls and on the uneven floor and the ceilling with its moth-eaten rafters. In the little yard outside I greeted little tufts of grass and odd bits of stone as old friends. I was not alone in my cell, for several colonies of wasp and hornets lived there, and many lizards found a home behind the rafters, emerging in the evenings in search of prey.

73. Which of the following explains best the sentence in the passage "I was almost a part of it"?
(a) I was not alone in the cell.
(b) I was familiar with every bit of the cell.
(c) I greeted little tufts of grass like old friends.
(d) I felt quite at home in the cell.

Ans. (b) According to the passage, for fourteen and a half months, I lived in my little cell or room in the Dehradun Jail, and I began to feel as if I was almost a part of it.

74. The passage attempts to describe
(a) the general conditions of the country's jails
(b) the prisoner's capacity to notice the minute details of his surroundings.
(c) the prisoner's conscious efforts to overcome the loneliness.
(d) the prisoner's ability to live happily with other creatures.

Ans. (c) According to the passage, if attempts to describe about the prisoner conscious effort to overcome the loneliness.
