State 9	720	7.76	82.25
State 10	893	9.55	96.7
State 11	363	4.7	57.7
State 12	966	7.85	63.8
State 13	495	9.37	52.3
State 14	864	5.46	97.9
State 15	497	7.48	62.3
State 16	777	7.03	93.8
State 17	335	5.8	49.9
State 18	599	7.49	47.84

33. With reference to the above table, which of the following is are the most logical and rational inference/inferences that can be made?

1. **Higher per capita income is generally associated with higher Tele-density.**
2. **Higher GDP growth rate always ensures higher per capita income.**
3. **Higher GDP growth rate does not necessarily ensure higher Tele-density.**

Select the correct answer using the code given below :

(a) 1 only
(b) 2 and 3
(c) 1 and 3
(d) 3 only

Ans. (c) Statement 2 is wrong because of seeing state no 15 & 16 this is not clear that higher GDP growth rate always ensures higher per capita income.
According to statement -1 higher per capita income is generally associated with higher tele-density so that statement -1 is correct.
According to statement -3 higher GDP growth rate dose not necessarily ensure higher tele-density so statement - 3 is correct .
So option - (c) is correct.

34. With reference to the above table, the following assumptions have been made:

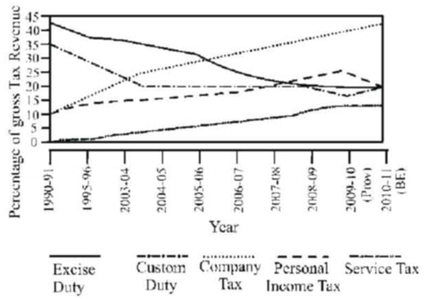

1. **Nowadays, prosperity of an already high performing state cannot be sustained without making further large investments in its telecom infrastructure.**
2. **Nowadays, a very high Tele-density is the most essential condition for promoting the business and economic growth in a State.**

Which of the above assumptions is/are valid?

(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

Ans. (d) Both presumption, statement -1 and statement-2 are not conclusion of above table. So that neither statement - 1 nor statement- 2 is correct. option (d) is correct answer.

35. The following graph indicates the composition of our tax revenue for a period of two decades :

With reference to the above graph, which of the following is/are the most logical and rational inference/inferences that can be made?

1. **During the given period, the revenue from Direct Taxes as percentage of gross tax revenue has increased while that of Indirect Taxes decreased.**
2. **The trend in the revenue from excise Duty demonstrates that the growth of manufacturing sector has been negative during the given period.**

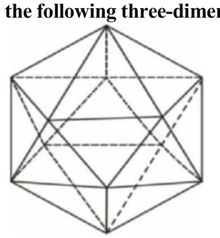

Select the correct answer using the code given below.

(a) 1 only (b) 2 only
(c) Both 1 and 2 (d) Neither 1 nor 2

Ans. (a) It is clear from the above picture that revenue from direct taxes as a percentage of overall tax revenue has increased while revenue from indirect taxes has decreased in the given time period.

INTERPERSONAL SKILLS/COMMUNICATION

36. Consider the following three-dimensional figure :

How many triangles does the above figure have?

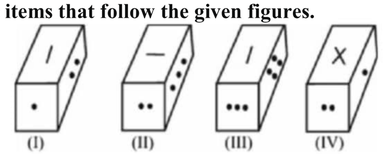

(a) 18 (b) 20
(c) 22 (d) 24

Ans. (b)

∵ Given figure is three-dimensional figure
∴ The more triangles are on front, the more triangles will be on the back.
Hence, The total number of triangles ⇒ 10 + 10⇒ 20

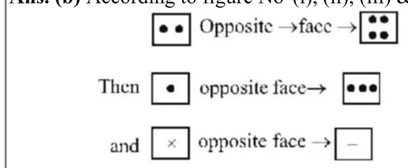

Directions for the following 3 (three) items :
Rotated positions of a single solid are shown below. The various faces of the solid are marked with different symbols like dots. cross and line. Answer the three items that follow the given figures.

37. What is the symbol on the face opposite to that containing a single dot?

(a) Four dots
(b) Three dots
(c) Two dots
(d) Cross

Ans. (b) According to figure No (i), (ii), (iii) & (iv)

Option (b) is correct.

38. What is the symbol on the face opposite to that containing two dots?

(a) Single dot
(b) Three dots
(c) Four dots
(d) Line

Ans. (c)

39. What is the symbol on the face opposite to that containing the cross?

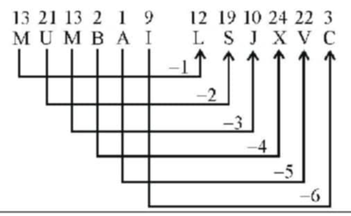

(a) Single dot (b) Two dots
(c) Line (d) Four dots

Ans. (c)

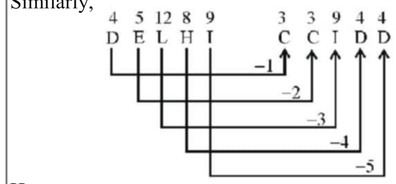

40. If LSJXVC is the code for MUMBAI, the code for DELHI is

(a) CCIDD (b) CDKGH
(c) CCJFG (d) CCIFE

Ans. (a)
Just as,

Similarly,

Hence,
CCIDD

41. If RAMON is written as 12345 and DINESH as 675849, then HAMAM will be written as

(a) 92233 (b) 92323
(c) 93322 (d) 93232

Ans. (b)
Just as,
R = 1, A = 2, M = 3, O = 4, N = 5, D = 6
I = 7, N = 5, E = 8, S = 4, H = 9
Similarly,
HAMAM = 92323

42. If Pen<Pencil, Pencil<Book and Book>Cap, then which one of the following is always true?

(a) Pen>Cap (b) Pen<Book
(c) Pencil = Cap (d) Pencil>Cap

Ans. (b) According to question,
Pen < Pencil < Book > Cap
∴ Pen < Book

43. 19 boys turn out for playing hockey. Of these, 11 are wearing hockey shirts and 14 are wearing hockey pants. There are no boys without shirts and/or pants. What is the number of boys wearing full uniform?

(a) 3 (b) 5
(c) 6 (d) 8

Ans. (c) The number of boys wearing full uniform
⇒ The number of boys wearing only pants + The number of boys wearing only shirt – The total of boys
= (14 + 11) – 19 = 25 – 19 = 6

Direction for the following 6 (six) items :
Read the information given below and answer the six items that follow.
A, B, C and D are students. They are studying in four different cities, viz., P,Q,R and S (not necessarily in that order). They are studying in Science college, Arts college, Commerce college and Engineering college (not necessarily in that order), Which are situated in four different States, viz, Gujarat, Rajasthan, Assam and Kerala (not necessarily in that order). Further, it is given that-

(i) D is studying in Assam
(ii) Arts college is located in city S which is in Rajasthan
(iii) A is studying in Commerce college
(iv) B is studying in city Q
(v) Science college is located in Kerala
