## MACRO MANAGEMENT OF AGRICULTURE (MMA)

The MMA was revised in 2008 to improve its efficacy in supplementing/complementing the **efforts of the states** towards enhancement of agricultural production and productivity[40]. It also provides opportunity to draw upon agricultural development programmes out of ten sub-schemes relating to crop production and natural resource management, and give it the flexibility to use 20 per cent of resources for innovative components.

The revised MMA scheme has formula-based allocation criteria and provides assistance in the form of grants: loan to the states/UTs on 90:10 ratio basis, except in case of the north-eastern states where the central share is 100 per cent grant.

## RASHTRIYA KRISHI VIKAS YOJANA (RKVY)

The RKVY was launched in 2007-08 for incentivising states to enhance public investment to achieve 4 per cent growth rate in agriculture and allied sectors during the 11th Plan[41]. The RKVY format permits taking up national priorities as sub-schemes, allowing the states flexibility in project selection and implementation. The sub-schemes include –

(i) Bringing Green Revolution to Eastern Region;
(ii) Integrated Development of 60,000 Pulses Villages in Rainfed Areas;
(iii) Promotion of Oil Palm;
(iv) Initiative on Vegetable Clusters;
(v) Nutri-cereals;
(vi) National Mission for Protein Supplements;
(vii) Accelerated Fodder Development Programme;
(viii) Rainfed Area Development Programme; and
(ix) Saffron Mission.
