The RKVY links 50 per cent of central assistance to those states that have stepped up percentage of State Plan expenditure on agriculture and allied sectors. States have indeed increased allocation to agriculture and allied sectors from 4.88 per cent of total State Plan expenditure in 2006-07 to 6.04 per cent of in 2010-11 *(as per the Revised Estimates, Economic Survey 2011-12).*

ISOPOM

The centrally sponsored ISOPOM (Integrated Scheme Of Oilseeds, Pulses, Oil Palm, And Maize)[42] have been under implementation during the Eleventh Plan in 14 states for oilseeds and pulses, 15 for maize, and 9 for oil palm. The pulses component has been merged with the NFSM with effect from 1 April 2010. Oilseeds are raised mostly under rainfed conditions and are important for the livelihood of small and marginal farmers in the arid and semi-arid areas of the country.

NATIONAL HORTICULTURE MISSION(NHM)

The horticulture sector includes a wide range of crops, such as fruits, vegetables, roots and tuber crops, flowers, aromatic and medicinal plants, spices, and plantation crops, which facilitate diversification in agriculture. It has been recognised that growing horticulture crops is now an ideal option to improve livelihood security, enhance employment generation, attain food and nutritional security, and increase income through value addition. Over the years, there have been noticeable achievements and significant improvement in the production and productivity of various horticulture crops.

The NHM scheme was launched[43] during the Tenth Plan for **holistic development** of the horticulture sector, duly ensuring *forward* and *backward linkages* by adopting a *cluster approach*, with the active participation of all the stakeholders. The supply of quality planting material
