expenditure as ‘fiscal deficit’ management and control is not its direct responsibility.

Revenue

Every form of money generation in the nature of income, earnings are revenue for a firm or a government which do not increase financial liabilities of the government—i.e., the tax incomes, non-tax incomes along with foreign grants.

Non-revenue

Every form of money generation which is not income or earnings for a firm or a government (i.e., money raised via borrowings) is considered a non-revenue source if they increase financial liablities.

Receipts

Every receiving or accrual of money to a government by revenue and non-revenue sources is a receipt. Their sum is called *total receipts.* It includes all incomes as well as non-income accruals of a government.

Revenue Receipts

Revenue receipts of a government are of two kinds—Tax Revenue Receipts and Non-tax Revenue Receipts—consisting of the following income receipts in India:

Tax Revenue Receipts

This includes all money earned by the government via the different taxes the government collects, i.e., all direct and indirect tax collections.

Non-tax Revenue Receipts

This includes all money earned by the government from sources other taxes. In India they are—
