adolescent girls in the sanitation programme has been encouraged with special components for them. The Nirmal Gram Puraskar (NGP) incentive scheme has been launched to encourage PRIs to take up sanitation promotion. The award is given to those PRIs that attain a 100 per cent open defecation-free environment.

URBAN INFRASTRUCTURE

To provide better urban infrastructure, housing and sanitation in the country, the central government has been allocating resources to state governments through various centrally sponsored schemes and providing finances through national financial institutions in the country. Some of the initiatives in this area are the following:

Jawahar Lal Nehru National Urban Renewal Mission (JNNURM)

The JNNURM has two of its four components devoted to shelter and basic service needs of the poor. These are: Basic Services to the Urban Poor (BSUP) for 65 select cities and Integrated Housing & Slum Development Programme (IHSDP) for other cities and towns. All states are covered under the BSUP and all states and UTs except Lakshadweep under the IHSDP.

Rajiv Awas Yojana (RAY)

RAY is to provide support for shelter and redevelopment and creation of affordable housing stock to states that are willing to assign property rights to slum dwellers. RAY is to be implemented in two phases: Phase I, which will be for two years from the date of approval of the scheme (2011-13) and Phase II which will be for the remaining period of the Twelfth Five Year Plan (2013-17). The preparatory phase of RAY is named the *Slum Free City Planning Scheme*. In order to address the credit enablement of economically weaker section (EWS) and lower income group (LIG) households, the government has agreed to establish a Credit Risk Guarantee Fund under RAY. The government has also approved the establishment of a Credit Risk Guarantee Fund Trust for low income housing (CGFT) to administer and oversee the operations of the scheme.

Affordable Housing in Partnership (AHIP)
