(i) 3500 schools are to be set up in as many Educationally Backward Blocks (EBBs) through state/UT governments and

(ii) The remaining 2500 schools are to be set up under PPP mode in blocks that are not educationally backward.

At present, only the first component is being implemented. The implementation of the PPP component will start from Twelfth Five Year Plan. Since the inception of the scheme, approval has been granted for setting up 1942 model schools in 22 states.

Inclusive Education for the Disabled at Secondary Stage (IEDSS)

The IEDSS scheme was launched in 2009-10 replacing the earlier Integrated Education for Disabled Children (IEDC) scheme. While inclusive education for disabled children at elementary level is being provided under the SSA, this scheme provides 100 per cent central assistance for inclusive education of disabled children studying in Classes IX-XII in mainstream government, local body, and government-aided schools. The aim of the scheme is to facilitate continuation of education of children with special needs up to higher secondary level. The scheme provides for personal requirements of the children in the form of assistive devices, helpers, transport, hostel, learning material, and scholarship for the girl child up to Rs. 3,000 per disabled child per annum. In addition, assistance is also provided for salary of special teachers, capacity building of teachers, making schools barrier free, establishment of resource rooms, and awareness and orientation.

Vocational Education

The revised centrally sponsored Vocationalisation of Secondary Education scheme aims to address the weaknesses of the earlier scheme to strengthen vocational education in Classes XI-XII. The components approved for implementation in the remaining period of the Eleventh Plan, i.e., 2011-12, include:

(i) Strengthening of 1,000 existing vocational schools and establishment of 100 new ones through state governments;

(ii) Assistance to 500 vocational schools under the PPP mode;

(iii) In-service training of seven days for 2,000 existing vocational teachers and induction training of 30 days for 1,000 new ones;
