during the bid period. On closure of the book, the quantum of shares ordered and the perspective prices offered are known. The price discovery is a function of demand at various prices, and involves negotiations between those involved in the issue. The book runner and the company conclude the pricing and decide the allocation to each member.

BRACKET CREEP

Increasing incomes due to inflation (via increased dearness allowances, individual income goes for an increase) pushes individuals into higher tax *brackets* and leaves them worse off (as their real income has not increased and their disposable income i.e. income after tax payments, falls) – this phenomenon is known as the bracket creep.

BROAD BASED FUND

This is a fund established or incorporated *outside* India, which has at least 20 investors with no single individual investor holding more than 49 per cent of the shares or units of the fund. If the broad based fund has institutional investor (s), then it is not necessary for the fund to have 20 investors. Further, if the broad based fund has an institutional investor who holds more than 49 per cent of the shares or units in the fund, then the institutional investor must itself be a *broad based fund*.

In India, the entities, proposing to invest *on behalf of broad based funds*, are eligible to be registered as FIIs are – (i) Asset Management Companies, (ii) Investment Manager/Advisor, (iii) Institutional Portfolio Managers, (iv) Trustee of a Trust, and (v) Bank

BROWNFIELD LOCATION

A derelict industrial area that has been demolished to accommodate new industries. This is opposite to the *greenfield location* where a new industry
