1. Fisheries and Aquaculture
2. Renewable Ocean Energy
3. Seaports and Shipping
4. Seabed Exploration and Minerals
5. Marine Biotechnology, Research and Development
6. Tourism
7. Ocean Knowledge Clusters
8. SIDS and LDCs

The First IORA Ministerial Blue Economy Conference addressed the first four priority areas. The remaining priority areas will be addressed in subsequent meetings, events and deliberations. How best the IOR countries can use such windows of opportunities and gear up their economic cooperation and undertake plans of actions, will determine the direction of IOR region in world politics.
