number track

A track, as used in dice games, where the cells are numbered.

Example

14	13	12	11	10	9	8	7	6	5	4
15	30	29	28	FORWARD TO 35	27	26	25	24		3
16	31	42	41	40	39	38	37	36	23	2
17	GO BACK TO 29	43	GO BACK TO 34	FINISH				35	GO BACK TO 29	1
GO BACK TO 9		32	GO BACK TO 23	33	34	FORWARD TO 41				START
	18	19	FORWARD TO 30	20	GO BACK TO 13			21	22	

numeral

A symbol used to represent a number.

Example

5 is the numeral which represents the number five.

5 apples

5 and V (Roman) are numerals for the number five.

See numeration, Roman numerals, symbol

numeration

A system of symbols used to represent numbers. Our system uses the symbols

0, 1, 2, 3, 4, 5, 6, 7, 8 and 9.

See Hindu–Arabic, symbol

numerator

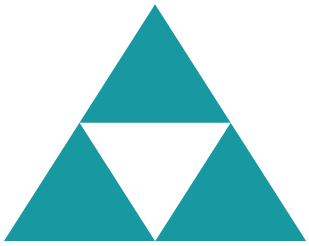

The top number in a fraction. It tells how many parts of the whole there are.

Example

$\frac{3}{4}$ ← numerator

$\frac{3}{4}$ ← denominator

In $\frac{3}{4}$ the numerator is 3.

Three out of four equal parts are coloured.

See denominator, fraction
