

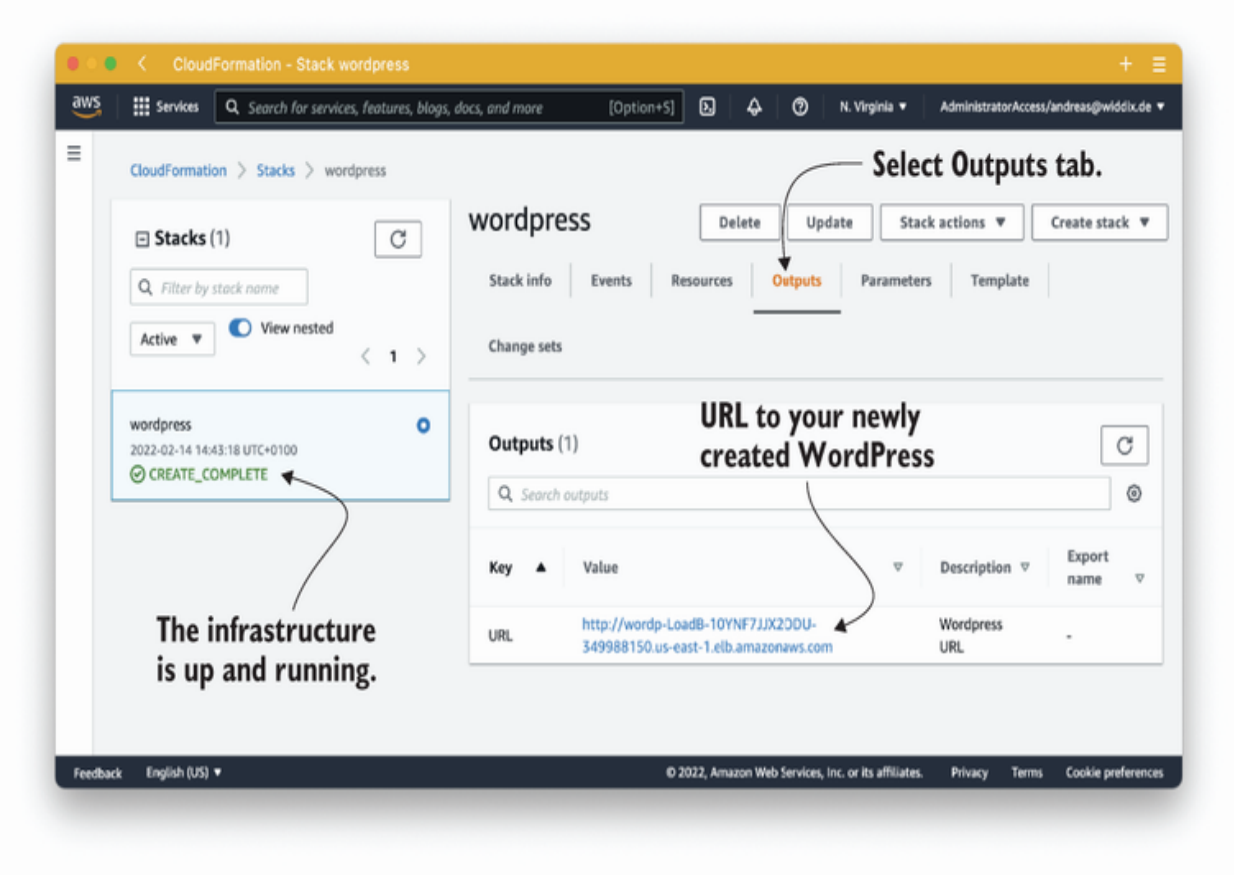

Figure 2.7 The blogging infrastructure has been created successfully.

You may ask yourself, how does this work? The answer is *automation*.

Automation references

One of the key concepts of AWS is automation. You can automate everything. In the background, your cloud infrastructure was created based on a blueprint. You'll learn more about blueprints and the concept of programming your infrastructure in chapter 4. You'll learn to automate the deployment of software in chapter 15.
