nichicon

Reliability
Behind Every Connection.

Capacitor solution for next-generation communication and AI.

Every connection depends on reliable infrastructure.
From communication base stations, AI servers, and power supplies, NICHICON capacitors deliver the performance required for an increasingly connected world.
With high reliability, smaller, long life, low ESR and high ripple current capability, NICHICON helps engineers build communication systems designed to perform — today and tomorrow.
Connecting the world starts with reliable device.

NICHICON SOLUTIONS FOR COMMUNICATION & NETWORK APPLICATIONS

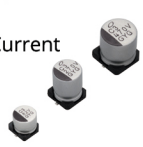

Long-L Aluminum Electrolytic Capacitors

- For AI Server Power Supplies
- Higher Capacitance
- High-Current Capability

Conductive Polymer Hybrid Aluminum Electrolytic Capacitors
GYG Series

- High Reliability
- Low ESR
- High Ripple Current

Conductive Polymer Aluminum Solid Electrolytic Capacitors
PCA Series

- High Reliability
- Low ESR
- High Ripple Current

Multilayer Aluminum Polymer Capacitors
KBA Series

- Multi-Layer Type
- Low ESR
- Low Profile

NICHICON ELECTRONICS (INDIA) PVT. LTD. (HEAD OFFICE) nin.exec@nichicon.com
Unit No's. 1405 & 1406, 14th Floor, Prestige Meridian-2, No.30 M.G. Road, Bengaluru 560001, Karnataka TEL.91-80-4094-8661
DELHI OFFICE Unit No.407, 4th Floor, DLF Tower A, Jasola District Centre, New Delhi 110025 TEL.91-11-4254-8407
