The Statement includes the underlying assumptions, an assessment of the balance between revenue receipts and revenue expenditure and the use of capital receipts including market borrowings for the creation of productive assets. It also outlines for the existing financial year, the strategic priorities of the Government relating to taxation, expenditure, lending and investments, administered pricing, borrowings and guarantees. The Statement explains how the current fiscal policies are in conformity with sound fiscal management principles and gives the rationale for any major deviation in key fiscal measures.

D. Expenditure Budget

Summary of the revenue and capital expenditure estimates made for a scheme/programme are shown on a net basis. To understand the objectives underlying the expenditure proposed for various schemes and programmes in the Expenditure Budget, suitable explanatory notes are included.

E. Receipt Budget

Estimates of receipts included in the Annual Financial Statement are further analysed in this document. The document provides details of tax and non-tax revenue receipts and capital receipts and explains the estimates. The document also provides a statement on the arrears of tax revenues and non-tax revenues, as mandated under the Fiscal Responsibility and Budget Management Rules, 2004.
