sets, redemption of old debts, etc. These banks initially were called mortgage banks. Earlier they were called Land Development Banks. Now they are called Cooperative Agricultural and Rural Development Banks (CARDBs).
It is a two-tiered structure. They are:

1. State Cooperative Agricultural and Rural Development Banks
2. Primary Cooperative Agricultural and Rural Development Banks.

Urban Cooperative Credit Institutions

The cooperative banks set up in the urban and semi urban areas are called Urban Cooperative Credit Institutions. They mainly lend to small borrowers and businesses.

Sub Markets

Government, financial institutions and industries need resources for investment and to meet shortage if any in the money for regular activities. Sub markets are markets to generate resources needed to meet these needs.

Composition of Sub Markets

The sub market is divided into various segments. It is based on the financial instruments used in this market.

It is diagrammatically shown in figure 7.8.
