compensation voluntarily is considered as unemployed. At the same time if a labourer is forced to work without compensation he is considered employed.

Flow Chart 4.1

Broad Activity status

It is the activity situation in which a person is found during a reference period, which concerns the person's participation in economic and non-economic activities.

According to this, a person will be in one or a combination of the following three statuses during a reference period.

- Working or being engaged in economic activity (work) (1)
- Being not engaged in economic activity (work) and either making tangible efforts to seek 'work' or being available for 'work' if the 'work' is available and (2)
